

DR PETE CAN WIN HERE AGAIN

With **30 years of service to the NHS**, **Dr Pete Sudbury** has decades of experience listening to people and working hard to solve difficult problems. Less than a year after being elected as **the only Green Councillor** on the County Council, Dr Pete won **20mph zones for Oxfordshire** and has been a **hard working independent voice** for our communities. An international-standard rowing coach, passionate environmentalist and father of three, he will put the needs of **local people, climate** and **our rural area first**.

Dr Pete says: "Politics is better when people work together for our residents. I will be the **independent** Green voice for our local area, putting residents' needs and real climate action at the top of the county agenda."

Dr Pete: working for safer streets

Safer Streets in our area thanks to Dr Pete Sudbury

Dr Pete worked hard to secure **unanimous support** from other parties to bring forward **20mph zones** for Oxfordshire, making streets safer for our children. As a result, **Long Wittenham** and **Wallingford** are now pilot 20mph zones. If re-elected **Dr Pete** will get 20mph zones extended across our area.

Dr Pete says:

“Your vote **CAN** make a difference! As your councillor, I'll keep **reaching out across political divides** to get the best for residents.”
